

OUT-GOING PRESIDENT'S FINAL REPORT

It is with mixed emotions that I come to the end of a four year term as President of the ANF Nurse Educators Special Interest Group. On a very positive note, members of the executive committee and I have enjoyed meeting a wide variety of our colleagues involved in nurse education from all across Victoria. We have been fortunate to have welcomed a number of excellent speakers who have so ably facilitated the quarterly meetings. The diversity of topics which have been addressed show the wide range of areas from which our members come.

On a more concerning note, the group has now reached a point where some decisions need to be made regarding the future of this forum. With all members of the current executive committee moving on there is an immediate need for people who wish to take up the leadership positions if the group is to continue. The opportunities which membership of the executive committee provide include great networking links and career development possibilities. I would strongly encourage members of the group to consider whether this may be something that they could be involved in, and contact Catherine Hutchings at the ANF to express their interest. Initial support and strategies for the "hand-over" process by the out-going committee would certainly be available to any new executive that may be created.

I would like to thank all those people who have been involved with the group over the last years, and wish you all well for the future

Regards

Kate
