To determine a plan of action by Victorian public sector nurses in order to protect their current 2007 Enterprise Agreement.

The ANF is concerned that the State Government is undermining the outcome of the public sector EBA by funding hospitals to implement a Certificate III unregistered worker.

The ANF is aware that school holidays are on at this time and therefore childcare facilities and a range of activities for children will be available.

Please RSVP Elaine Toma on 9275 9333 if you require childcare at our meeting in order that we can have adequate staffing.

Please bring your current ANF membership card.

Non Members may join at the door.

BUSES WILL BE PROVIDED FROM YOUR WORKPLACE.
