## The value of ANF membership

ANF, run by nurses for nurses, is the only organisation that represents nurses industrially and professionally. ANF works tirelessly to improve nurses' wages and conditions and their ability to provide high quality care to patients, residents and clients.

ANF has a membership of more than 46,000 nurses employed in a range of health services including hospitals, aged care facilities, community health centres, maternal and child health clinics, general medical clinics, prisons, the Australian Red Cross Blood Service and the Royal District Nursing Service.

ANF is committed to providing an opportunity for nurses to discuss professional issues and research in the pursuit of nursing excellence and improved patient outcomes. ANF offers members several scholarships and research grants to promote nursing excellence.

Our strong and unified membership has enabled us to make a real difference to nursing in Victoria: nurse patient ratios, qualification allowances, ADOs, pay rises, professional development leave, study leave, maternity leave, no-lifting policies, improved occupational health and safety standards and night duty allowances are just some of the conditions that have been achieved for many nurses because ANF members have worked together to achieve them.

ANF also looks after individual members by providing industrial, professional and legal representation\* as well as a range of exclusive benefits. Whether you need help with a problem at work, a quick answer to a query, cheap movie tickets or a home loan, your ANF membership will help you. Just keep this brochure handy so you know who to call. And remember, your ANF membership fees are tax deductible too!

\*Legal services are subject to conditions which are available on request from the Branch office.
