Donations to the Victorian Nurses Welfare & Hardship Fund

Victorian Public Nurses and Midwives are currently fighting to protect the Victorian public health system. Many nurses and midwives will have their pay docked for participating.

The Victorian Nurses and Midwives Hardship Fund has been set up so nurses and midwives who are found to be in need, through a careful and transparent vetting process, can continue to put food on their dinner tables for the their families and meet urgent bills. All applications to the fund are subject to independent assessment by a skilled group of professionals that includes nurses. The Victorian Nurses Welfare & Hardship Fund is subject to independent and external auditing to ensure the highest level of probity and governance.

We have been inundated with support from the public and if you are reading this you are one of those who has asked how you can show them support : **Yes you can!**

Donations will go towards alleviating the urgent financial needs of Victorian Nurses and Midwives. This is not a donation towards the campaign. There are no administrative costs or fees - 100 % of your donation goes towards supporting Victorian Nurses and Midwives in their hour of need.
